

Reference Opportunities

You are home! God is kind and gracious! You have made it through a long process to begin the joy and challenge of raising your beautiful child(ren).

As a family that has walked through the entirety of the adoption process, you have a wealth of knowledge and experience, which is invaluable to future families. Often, experiencing the adoption process lays burdens on families' hearts as to how they can assist and care for orphans worldwide. If God has placed this burden on your heart, we invite you to prayerfully consider partnering with America World to reach families for the cause of adoption. Below are several ways that you can get involved, should you feel God leading your family in this direction.

- Reference:** Your email, phone number and basic family information (i.e., city, and state where you live, type of adoption, date and country of adoption) would be placed on AWAA's website and other printed materials. Prospective families would have access to this information so that they could contact you with specific questions about your experience in the adoption process.
- Volunteer:** Simply offering any time you might have to help bring America World to your church for a seminar, assist with a reunion, etc.
- Share Your Story:** AWAA's National Public Relations Director or regional Associate would periodically call to ask you to share your adoption story at one of America World's *Adopted by Design* seminars, held in your local area for prospective parents.
- Associate:** A position involving direct work and supervision with AWAA's Public Relations team. Families working in this capacity help set up seminars and fellowship groups for local area families, two or more times a year. A small stipend is provided for this work.

If you are interested in any or all of the above opportunities, please indicate so by checking the box beside each one, signing below and mailing or faxing this form back to us. You will be contacted in the very near future by an America World representative to discuss these opportunities further. Thank you for your interest and heart to care for the world's orphans!

If you have any questions, about any of the opportunities listed above, please feel free to email America World's National Public Relations Director, Mike Stone, at mike.stone@awaa.org.
